

The Process of RPL is in Two Phases

Phase 1:

Applicant applies as with the PCM and CHS process the same criteria will apply:

Pays application fee and submits application with supporting documents

Their application will be submitted to assessors for preassessment. If they are considered eligible for RPL they will then be invoiced the full RPL Fee. This is when they enter phase 2.

Phase 2:

Once they have been invoiced for RPL they must submit a Portfolio of Evidence

The Portfolio of evidence is sent for assessment. If they are successful, they are invited for oral assessment. If they are successful with the oral assessment they are invited for a professional interview. At this point they re-enter the normal registration process to be designated.
