REASONS**  
to choose CompCare.

# UNDERSTANDING YOUR OPTION

You've made it! You're at the top of your game, and you deserve the best. You want a no nonsense medical scheme plan with executive benefits.

Let's get started on explaining some of the basics of your cover: You pay your contribution, and based on that we pay your claims. Claims are incurred when you visit a doctor/dentist/optometrist/specialist, or any other registered healthcare provider or if you are hospitalised.

Claims are divided into two categories, namely routine or day-to-day, out-of-hospital claims and in-hospital (otherwise known as major medical risk) expenses. Your day-to-day claims are initially paid from your savings (PMSA) and thereafter your Annual Flexi Benefit (AFB). You have a set amount of savings per year that you can use for day-to-day claims. If you don't use all your savings in one year, the balance will carry forward to the following year and remain available to you.

This option also provides extended cover. This is referred to as the Above Threshold Benefit (ATB). Should you run out of your savings and Annual Flexi Benefit (AFB), you will have to pay for some healthcare expenses from your pocket. This is referred to as the Self-Payment Gap (SPG). While you are in your SPG, you must still submit all your claims to us so that we know when to start paying from the ATB. Your accumulated claims submitted need to reach a specific rand value level before the extended ATB will start to cover your claims. Limits and sub-limits apply to the ATB.

In-hospital claims in a private ward are paid from the Scheme's risk pool. Hospital expenses are unlimited, but sub-limits may apply to certain specified services.

Please note that some providers might charge more than what the Scheme will pay for and the member is liable for that shortfall.

These must be authorised at least 48 hours prior to admission. The hospital utilisation management team will need the following details: name of the patient being admitted, medical

aid number, hospital name, date of admission, name and practice number of admitting practitioner, ICD 10 and procedural codes. A penalty will apply for late requests for authorisations. This brochure is a summary of the benefits of CompCare Medical Scheme. All information relating to the 2023 CompCare Medical Scheme benefits and contributions are subject to formal approval by the Council for Medical Schemes. On joining the Scheme, all members will receive a detailed member brochure, as approved. The final registered rules of the Scheme will apply.

All limits are pro-rated when a member or a beneficiary joins the Scheme during the year, calculated from the date of registration to the end of that financial year. If you leave the Scheme before the year is up and have used all the funds in your savings account, you will owe the Scheme the advanced portion of the Medical Savings Account you have used as it is a pro-rated benefit allocated in advance for the full benefit year. This summary is for information purposes only and does not supersede the rules of the Scheme. In the event of a discrepancy between the summary and the rules, the rules will prevail.

CompCare Medical Scheme is administered by Universal Healthcare Administrators (Pty) Ltd.
