DESIGNATED SERVICE PROVIDER (DSP) / DESIGNATED SERVICE PROVIDER NETWORK (DSPN)

A healthcare service provider (DSP) or network of healthcare service providers (DSPN) who are designated or contracted by the Scheme to provide diagnosis, services, treatment, medicine or facilities to members in terms of both PMBs and non-PMBs at a negotiated rate. Services obtained from a non-DSP will be reimbursed at the rate negotiated by Profmed with the DSPN.

DAY-TO-DAY LIMIT

Annual overall limit imposed on specific acute, out-of-hospital benefits. Sub-limits on these benefits are subject to availability of funds in the annual overall day-to-day limit. Funds in the annual overall limit can only be accessed through the relevant available sub-limits, where applicable.

A healthcare service provider (DSP) or network of healthcare service providers (DSPN) who are designated or contracted by the Scheme to provide diagnosis, services, treatment, medicine or facilities to members in terms of both PMBs and non-PMBs at a negotiated rate. Services obtained from a non-DSP will be reimbursed at the rate negotiated by Profmed with the DSPN.

DAY PROCEDURE	A procedure undertaken in an acute or day facility setting and does not require the patient to stay overnight.
"OFF-LABEL"	Medication utilised for a condition for which it is not specifically registered.

PRE-AUTHORISATION

Pre-authorisation must be obtained for hospitalisation and certain major medical treatment and procedures. Pre-authorisation is not a guarantee of payment and benefits are paid in accordance with the relevant protocols and Scheme rules, subject to availability of funds. Authorised services or treatment must commence within three months of authorisation, after which the authorisation is no longer valid. Authorisation does not include the fees charged by the attending medical practitioners.

It is the member's responsibility to obtain pre-authorisation, which should be obtained at least seven days prior to the commencement of treatment or services. In case of emergencies that occur after hours or on weekends and public holidays, authorisation must be obtained the next working day.

Profined does not prescribe the treatment members should undergo, but will only fund treatment in accordance with the Scheme rules and protocols and that is clinically appropriate and evidence based, subject to PMB legislation.

PRESCRIBED MINIMUM BENEFITS (PMBs)

The minimum benefit a scheme is required to cover in respect of the diagnosis and treatment of the 271 conditions, as required by legislation. This Schedule of Benefits is subject to the provisions of the Medical Schemes Act No. 131 of 1998 and Regulations relating to the PMBs. Profined provides cover for 271 conditions listed in the PMBs as well as the 26 chronic conditions listed in the Chronic Disease List (CDL) in accordance with the provisions of the Act and Regulations.

The 26 prescribed chronic conditions include the following: Addison's Disease, Asthma, Bipolar Mood Disorder, Bronchiectasis, Cardiac Failure, Cardiomyopathy Disease, Chronic Obstructive Pulmonary Disorder, Chronic Renal Disease, Coronary Artery Disease, Crohn's Disease, Diabetes Insipidis, Diabetes Mellitus Types 1 & 2, Dysrhythmias, Epilepsy, Glaucoma, Haemophilia, HIV/AIDS, Hyperlipidaemia, Hypertension, Hypothyroidism, Multiple Sclerosis, Parkinson's Disease, Rheumatoid Arthritis, Schizophrenia, Systemic Lupus Erythematosus and Ulcerative Colitis. The diagnosis, treatment and care costs of these conditions will be paid in full provided these services are obtained from Profimed's designated service provider networks, where applicable. However, if such services are obtained voluntarily from a provider other than a DSP, the member will be liable for the balance of the account or the balance will be deducted from the relevant day-to-day benefit, subject to availability of funds. If the service is involuntarily obtained from a provider other than a DSP, the service will be paid in terms of the PMB legislation.

All PMB treatment will be subject to the application of treatment protocols and formularies, which will be more or less restrictive depending on the option chosen by the member. Costs in respect of PMBs that exceed the formulary, reference pricing, rules and protocols will be the responsibility of the member.
