WHY BEING A MEMBER IS THE BEST CHOICE

MultiChoice
Medical Aid Scheme

VALUE FOR MONEY

The Scheme's Principal Officer, Board of Trustees, Actuaries and Administrator all work hard to make sure that you and your family get the very best benefits at the most affordable price.

01 BENEFITS

Are richer than you'd find elsewhere. A family of two parents and one child earning R200k per year pays R2,085 less than they would for an entry level plan on an open scheme.

02 FREEDOM

To choose which hospital you go to for an admission. Usually, for plans costing as much as you pay, you have far less choice about which doctors and hospitals you can use.

03 EXCLUSIVE

Benefits like cover for help with starting a family or expensive medicine are yours. These are only available on the most expensive plan options on other schemes.

You could pay more than double the amount for the rich benefits you have on the Scheme, if you moved to a different scheme.
