## DAY-TO-DAY BENEFITS

### What are day-to-day medical expenses?

Day-to-day medical expenses are your everyday medical expenses such as GP consultations, dentist visits, optical visits, etc. Depending on your benefit option, this can work in one of three ways:

#### Network Option – Network healthcare providers

Members on the **Network Option** must obtain all healthcare services from **network providers**. To access your day-to-day medical benefits, you must choose a Network GP, dentist and optometrist from the network lists.

If you do not use a network provider, you will have to pay the difference in cost between the network provider and the out-of-network provider from your pocket.

To view the latest network lists, please refer to the Fund's website at [www.wooltruhealthcarefund.co.za](http://www.wooltruhealthcarefund.co.za) under the Benefits or Healthcare Providers tab, or call **0800 765 432** to find a suitable network provider.

**The Network Option does not offer a medical savings account (MSA). Please refer to the benefit tables in this brochure to confirm your benefits.**

#### Saver Option – Medical savings account (MSA)

**Day-to-day** medical expenses on the **Saver Option** are subject to your **MSA**, which covers non-PMB, **out-of-hospital** claims such as GPs, dentists, specialists, medication, optometrists, etc. Claims are reimbursed at the agreed Wooltru Healthcare Fund Tariff (WHFT).

A portion of your monthly contribution is allocated to your **MSA**. The annual savings amount is calculated over a period of 12 months, or if you join the Fund during the year, the amount will be calculated on a pro rata basis. At the end of the year, any unused savings will roll over to the next year.

- Your annual savings amount is allocated upfront. If you terminate your membership of the Fund before the end of the year and you have used more than the contributions that you have paid, you will be required to **pay the difference to the Fund**.
- Once you have exhausted your **MSA**, you will need to pay for any additional day-to-day claims yourself.
- In order for your PMB specialist claims to be paid at cost, call **0800 765 432** for referral to a network specialist and to obtain pre-authorisation for the visit.

### Comprehensive Option – Medical savings account (MSA)

**Day-to-day** medical expenses on the **Comprehensive Option** are subject to your **MSA**, which covers non-PMB, **out-of-hospital** claims such as GPs, dentists, specialists, medication, optometrists, etc. Claims are reimbursed at up to 3x the agreed Wooltru Healthcare Fund Tariff (WHFT).

A portion of your monthly contribution is allocated to your **MSA**. The annual savings amount is calculated over a period of 12 months, or if you join the Fund during the year, the amount will be allocated on a pro rata basis. At the end of the year, any unused savings will roll over to the next year.

### Healthcare benefits provided outside South Africa

As from 2024, this benefit will be limited for usage by members who are travelling abroad for less than 90 days, and during this period for emergency services only. As in the past, members need to pay for services received upfront and then claim it back from the Fund. Proof of travel arrangements will need to be submitted with any claim. Eligible services will be refunded according to the benefits and Rules of the Fund. We strongly advise any member travelling abroad to buy an appropriate level of international travel insurance prior to leaving the Country. Any member that has taken up permanent residence abroad, and who wishes to remain a member of the Fund, will still be allowed to claim Fund benefits if treatment is provided in South Africa.

## CHRONIC CARE BENEFITS (for chronic medication)

### What is chronic care?

Chronic care refers to the medical care for **a pre-existing or long-term illness** where medication is required to be taken for a period exceeding three months at a time. The Fund provides a **Chronic Medication Risk Management Programme** to the benefit of members who have been diagnosed with certain chronic conditions.

### You must obtain pre-authorisation for all chronic medication

- On approval of your PMB-related chronic condition, a treatment plan, which lists additional services recommended to treat your chronic condition, will be sent to you.
- Medication for the 26 PMB conditions will be restricted to the chronic medication formulary at the network providers (GPs and specialists).

You may submit your chronic application forms by email to [networkchronic@wooltruhealthcarefund.co.za](mailto:networkchronic@wooltruhealthcarefund.co.za). Should you have any queries, please call **0800 765 432** for assistance.

For more information on PMBs, visit the Fund's website at [www.wooltruhealthcarefund.co.za](http://www.wooltruhealthcarefund.co.za) under the **Healthcare Programmes > Prescribed Minimum Benefits tab**.
